EMPOWERING INDUSTRY**

ABOUT AOS

Al Arabiya for Operational Solutions (AOS) is a Saudi company delivering integrated services across the oil & gas, energy, industrial, and logistics sectors. We provide reliable, high-quality solutions supported by advanced technologies and best practices to ensure operational efficiency and business continuity.

At AOS, we focus on delivering tailored solutions that meet the demands of critical projects, combining technical expertise with a strong commitment to safety, performance, and client satisfaction.

Vision

To be a trusted leader in industrial and logistics solutions.

Mission

To deliver reliable, high-quality services and tailored solutions that enhance efficiency, ensure safety, and support the evolving needs of the industrial and logistics sectors in alignment with Saudi Vision 2030

AOS CERTIFICATIONS & COMPLIANCE

9001

45001

ISO 14001:2015

Our Certifications

At AOS, we are committed to maintaining the highest standards of quality, safety, and environmental responsibility. This is reflected in our internationally recognized certifications:

ISO 9001 - Quality Management System

Ensures consistent delivery of high-quality services and continuous improvement.

ISO 45001 - Occupational Health & Safety Management System

Ensures a safe working environment and minimizes occupational risks.

ISO 14001 - Environmental Management System

Supports environmentally responsible operations and reduces environmental impact.

These certifications demonstrate our commitment to delivering reliable, compliant, and high-standard services aligned with the requirements of major industrial and energy projects.

Industrial Supply Solutions

Supporting Oil & Gas, Energy & Construction Projects.

AOS provides end-to-end supply solutions serving the oil & gas, energy, and construction sectors, delivering a comprehensive range of products to support all project requirements.

We act as a single-source supplier, ensuring availability, quality, and compliance with international standards across multiple disciplines.

- Mechanical products
- Electrical equipment and systems
- Advanced construction materials
- Industrial spare parts

Fast-track procurement with global sourcing and local availability

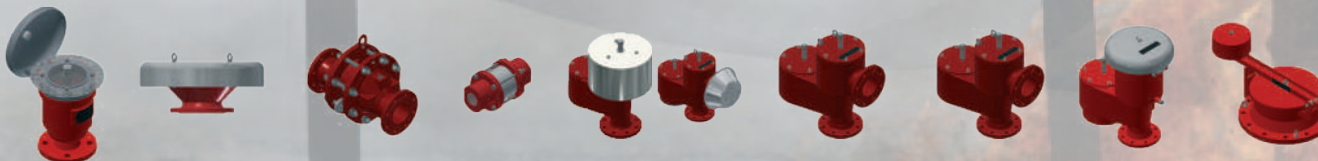

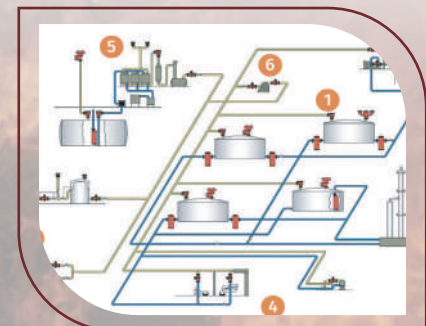

Strategic Partner - KITO

We provide advance solutions of flame arresters, valves, and explosion protection systems, including customized solutions for industrial and oil & gas applications powered by KITO

Key Product Range:

- Flame Arresters (Detonation & Deflagration)
- Breather Valves / Pressure-Vacuum Valves
- Inline & End-of-Line Valves
- Explosion Protection Systems

Kito Customized Engineering Solutions for Hazardous Areas These products play a critical role in safeguarding industrial facilities within oil & gas and petrochemical sectors, ensuring maximum safety and operational efficiency.

MADE IN GERMANY

AOS MOBILE WORKSHOP & On - Site Maintenance

At AOS, we combine industry expertise, advanced technology and a highly skilled technical team to deliver reliable and efficient on-site maintenance solutions.

AOS provides reliable transportation and rental services supporting industrial projects across the Kingdom.

- **Our Core Workshop Services (On-Site Solutions)**

- **Mobile Heavy Equipment Maintenance**

On-site maintenance and repair services for heavy-duty equipment to ensure operational continuity and minimize downtime.

- **Mobile Sealing Solutions Unit**

On-site maintenance and sealing solutions for conveyor systems, including belt splicing, gland packing, and gaskets to ensure reliability and minimize leakage.

- **Mobile Welding & Fabrication Unit**

Fully equipped mobile welding and fabrication services for structural and pipeline applications directly at client locations.

- **Mobile Gas Turbine Maintenance Unit**

Specialized field maintenance services for gas turbines to ensure optimal performance and reduced downtime.

- **Mobile Building Maintenance Unit**

Comprehensive on-site building maintenance services to ensure operational efficiency, safety, and sustainability of facilities.

Customization Capability

AOS designs and manufactures customized mobile units and vehicle configurations tailored to project requirements

TRANSPORTATION RENTAL SERVICES SOLUTIONS

Smart mobile units with real-time monitoring, live streaming, and GPS tracking for full visibility, enhanced safety, and ISO-compliant operations.

Transportation & Rental Solutions

Labor Transportation (BUSES)

Modern, fully equipped buses with seating capacities ranging from 32 to 66 passengers.

All buses are air-conditioned and comply with safety standards of Saudi Aramco, SABIC, SEC, and other major entities.

Mobile Workshop Rental Services

Cost-effective solutions with reduced capital expenditure, fully equipped ready-to-operate units, flexible rental terms based on project duration, immediate site deployment, and included maintenance and technical support.

Heavy Equipment Transportation Services

Provision of 4x4 flatbed trucks (stick body) for transporting heavy equipment, industrial machinery, and spare parts to remote and challenging project locations, ensuring safe and efficient delivery under demanding conditions.

AOS Compliance & Standards

- Full adherence to HSE (Health, Safety & Environment) requirements
- Fully Compliant with Saudi Aramco, Saudi Energy Company (SE), Maaden, NEOM and Other Major Industry Standards and Procedures
- Alignment with international standards for industrial and utility facility maintenance

Approved Vendor List

نيوم NEOM
